

SIBIRCON

1953

Founded as NEIS – telecom institute
for Siberia & the Russian Far East

2002

IEEE Russia (Siberia) Section
petitioned from SibSUTIS

73
yrs

Of telecommunications & IT
education and research

CALL FOR PAPERS • 2026

IEEE International Multi-Conference on Engineering, Computer and Information Sciences

11–12 Oct 2026

SibSUTIS · Novosibirsk, Russia

HYBRID • IN-PERSON & VIRTUAL

IEEE IAS • PUBLICATION

~20% of papers recommended
for IEEE IAS journals

- IEEE Trans. on Industry Applications **Q1**
- IEEE Industry Applications Magazine

INDEXING • ALL ACCEPTED PAPERS

IEEE Xplore

SCAN • SUBMIT

TECHNICAL SYMPOSIA

6 TRACKS • 36 TOPICS

01 Industrial Control Software for Cyber-Physical Systems

Chair: **V. Zyubin** · IA&E SB RAS

- Formal specification, verification & validation
- Domain-specific languages for industrial control
- ML / data-driven methods for control software
- Model-driven development of CPPS
- AI-assisted safety assurance & testing
- Case studies: manufacturing, robotics, smart factories

02 Smart Energy

Chair: **A. Khalyasmaa** · UrFU, IEEE IAS

- Automated electrical systems
- Diagnostic, prognostic & maintenance tools
- Power equipment, machines and drives
- ICT in industry
- Smart grids and microgrids
- Power engineering education

03 Optimization of Complex Systems

Chair: **A. Rodionov** · ICM&MG SB RAS

- Reliability & resilience of power grids
- Optimization of industrial & infrastructure systems
- Simulation and imitation modeling
- AI in optimization / optimization in AI
- Digital twins for production processes
- Cybersecurity optimization models

04 Next-Gen Communications & Storage

Chair: **M. Kurnosov** · SibSUTIS

- 6G physical layer: waveforms, coding
- Massive & holographic MIMO, ISAC
- Network slicing & resource allocation
- AI/ML-based communications & IoT
- Algebraic / distributed storage coding
- HPC, edge computing, federated learning

05 Data Analysis Technologies

Chair: **A. Korobko** · Reshetnev Univ.

- Data fusion, mining & predictive modelling
- Pattern recognition & deep learning
- Big Data and exploratory analysis
- Text, web & social data analytics
- Semantic web & cognitive modeling
- Decision support & smart city analytics

06 Knowledge · Ontology · Theory

Chair: **D. Palchunov** · IM SB RAS, NSU

- Logical & symbolic knowledge discovery
- ML for ontology construction
- Knowledge engineering & management
- Subject-domain ontologies & theories
- Formal concept analysis
- Logical semantics & fuzzy logic

15 Sep 2026
PAPER DEADLINE

5 Oct 2026
ACCEPTANCE

8 Oct 2026
CAMERA-READY

sibircon.ieeesiberia.org

Hosted by SibSUTIS · IEEE Russia (Siberia) Section
